

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Fall 2014 Workshop & Seminar Series

"Redox Regulation of Inflammation and Thrombosis by Methionine Oxidation"

Sean Gu

Molecular & Cellular Biology Graduate Student
Lentz lab

"Understanding the Unfolded Protein Response Signaling Network during Chronic Stress"

Javier Gomez

Molecular & Cellular Biology Graduate Student
Rutkowski lab

**Thursday, December 11
4:00-5:00 p.m., 1289 CBRB**
